How do I prepare to apply?

The Marketplace offers different types of health plans to meet a variety of needs and budgets. You’ll need to figure out how much you want to spend on health coverage each month.

Most people using the Marketplace will qualify to save money. To find out how much you’re eligible for when you apply, it will help to have these things close by:

- Social Security numbers (or document numbers for legal immigrants)
- Birth dates
- Pay stubs, W-2 forms, or Wage and Tax Statements
- Policy numbers for any current health insurance
- Information about any health insurance you or your family could get from your jobs.
